

# Career Network

By Allison Liu, Zoe Cruse, Abeal Sileshi, Isaiah Thomas, Brady Murphy & Kasper Seglem

# What is Career Network

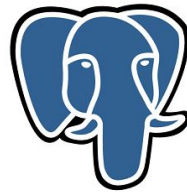

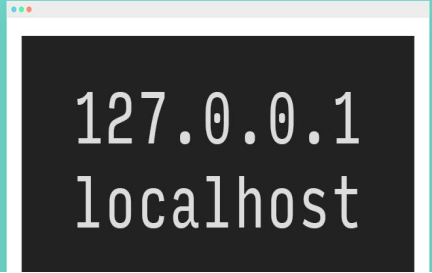

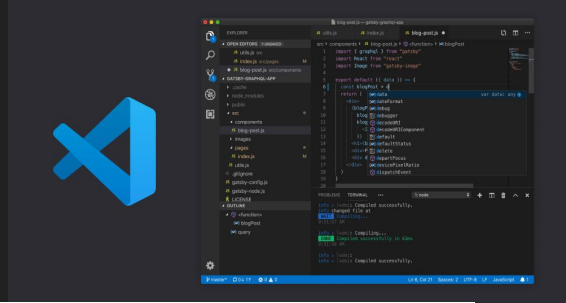

- Search for jobs
- Find the right employees
- Share your skills

# Tools

- Database: PostgreSQL - 4
- Deployment: LocalHost - 5
- Project Tracker: JIRA - 2
- VCS: GitHub - 5
- DB Fiddle - 3
- IDE: VS Code - 5
- Framework: Express - 4

Methodology - Agile

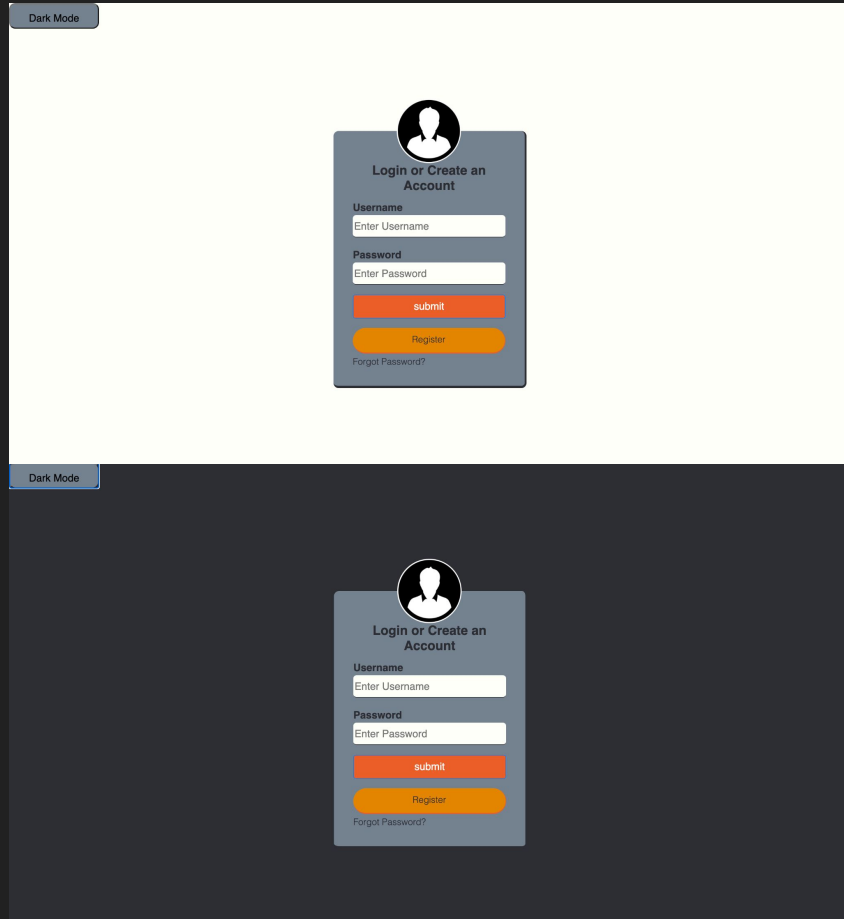

PostgreSQL

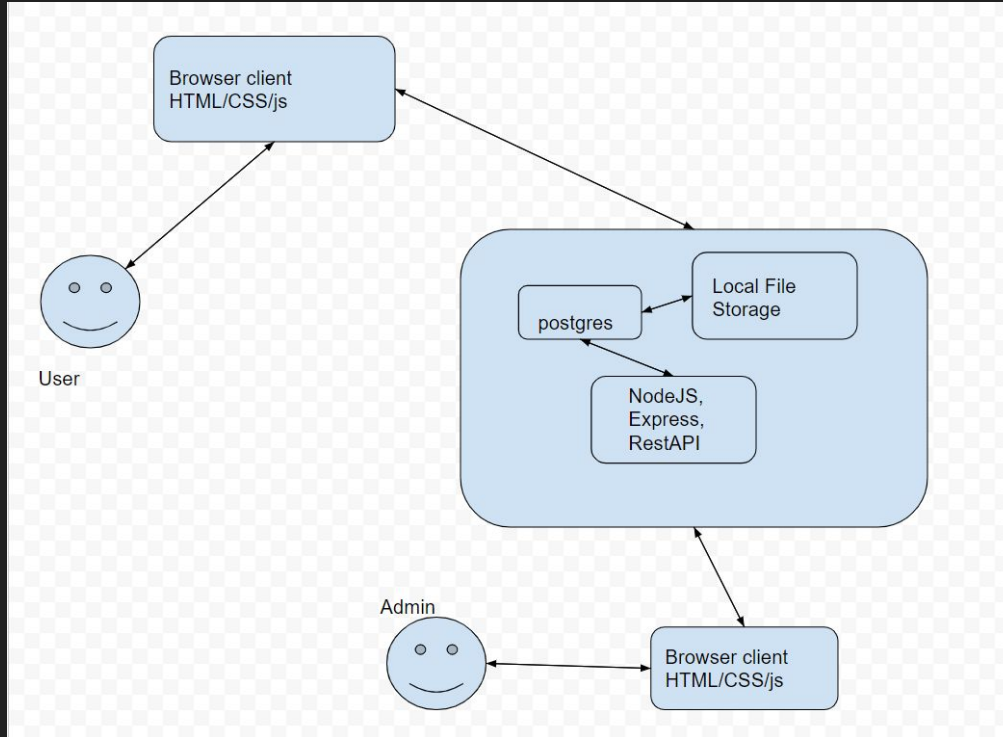

# Key Features

- Registration and Login
- Stored user profile
- Post to feed
- Email API
- Dark mode

# Architecture Diagram

# Localhost Demo

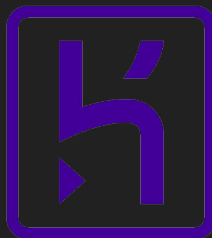

# Challenges

- Database Syntax
- Integration of Databases
- Merge Conflicts
- API Integration
- Coordinating Meeting Times
- High Expectations- could not achieve everything we wanted to do within project time frame

# What's Next

- Connect to Heroku
- Upload Profile Pictures
- CSS styling
- Ways to search for Employers
- Messaging Feature

**HEROKU**
